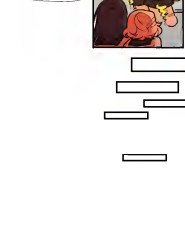
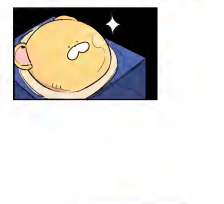
I love you... Yoo-reum.

Between Summer and Fall

That's how my first love ended

Now it's the beginning of a new love.





So we joined the flow of the seasons.

The love which began between Summer and Fall.

Even though after Autumn, Winter is continued

But this wasn't only our happy ending

Everyone has come up with a happy ending

With their own happiness

Teacher—I have a question!
Are you still dating first love?

It's secret—!
